MISSION, VISION & MOTTO

OUR MISSION

Transforming humanitarian and development challenges into opportunities by localizing global standards through evidence-based solutions for sustainable and inclusive impact

OUR VISION

To lead impact-driven consulting, strengthening institutions and communities through data, innovation, and inclusive development

OUR MOTTO

LOCAL INSIGHT,
GLOBAL STANDARDS,
REAL IMPACT

CORE VALUES

INTEGRITY

We operate with honesty, accountability, and unwavering ethical responsibility in all that we do.

COLLABORATION

We believe impactful change is co-created through inclusive partnerships built on mutual respect and shared ownership.

EXCELLENCE

We are committed to delivering high-quality, evidence-based, and context-relevant solutions that achieve measurable results.

LOCAL EMPOWERMENT

We champion local ownership, amplifying marginalized voices and integrating local knowledge to ensure equitable and sustainable outcomes.

IMPACT-DRIVEN

We are results-oriented, focusing on practical solutions that deliver sustainable, meaningful and lasting change for the communities we serve.

CORE COMPETENCIES

We have a dedicated team of highly experienced and talented experts in the following domains:

PROGRAM DEVELOPMENT

We develop a range of humanitarian and development programs specific to the needs of the local community and context of the areas.

ASSESSMENT & EVALUATION

We provide contextual analysis, need assessment, baseline, midterm, end-line, outcome mapping and impact evaluation.

THIRD PARTY MONITORING

We offer monitoring services for the humanitarian sector by providing valuable feedback through a systematic process of collecting, analyzing, and validating independent project outcomes.

ORGANIZATIONAL ASSESSMENT

We excel in the facilitation of organization self-capacity assessment and capacity strengthening planning accordingly.

CAPACITY BUILDING

We offer capacity building in Human Resource Management, Monitoring, Evaluation, Accountability, and Learning, and Knowledge Management.

INCLUSIVE PROGRAMMING

We provide inclusive programming and systems catering to the need of the most marginalized or vulnerable population including children, women, persons with disability & transgender community.

CLIMATE CHANGE & DISASTER RISK MANAGEMENT

We assess climate change risk, preparedness, mitigation, and promote adaptation of climate smart solutions.

WEB DEVELOPMENT

We develop websites, design UX/UI, Content Management Systems, mobile applications, KoBo Tool Box, Open Data Kit, and online survey development tools.

OFFICE AUTOMATION

We provide services of complete office transformation by creating customized Enterprise Resource Planning

OUR PORTFOLIO

We at **HIMAT Consulting (Pvt) Ltd** combine the enthusiasm, energy, and experience required to deliver true impact for our clients. We serve a diverse range of clients, including but not limited to government ministries and departments, NGOs, INGOs, and institutional donors such as the World Bank, the Asian Development Bank, and Islamic financial institutions. All of these clients are connected by a shared mission and commitment to making a positive change in society.

CLIENT TESTIMONIALS

HCPL engaged effectively with a broad range of stakeholders—including local communities, women, and persons with disabilities—to develop a well-informed and insightful lessons learned report. Their recommendations have proven valuable in shaping the direction of future programming. We commend Himat for his professionalism, timely delivery, and the quality of work. We remain confident in their expertise and look forward to further collaboration

- Swiss Agency for Development and Cooperation SDC

HIMAT Consulting Private Limited was engaged by UNESCO Office in Pakistan under two separate contracts, both of which were completed on time and to our satisfaction. UNESCO Pakistan wishes HIMAT Consulting the best of luck in the pursuit of its plans

- UNESCO

Based on our experience with HIMAT Consulting Limited, we confidently recommend their services for similar projects. We express our appreciation for their professionalism and dedication to delivering high-quality services during our engagement. We extend our best wishes to HIMAT Consulting Limited in their future endeavors and look forward to further opportunities for collaboration

- Aga Khan Foundation Tajikistan

We found HIMAT's professional work methodologically strong and contextually grounded. We recommend them for similar education sector assessments and baseline studies

- Rural Support Programmes Network

HIMAT demonstrated strong technical expertise, contextual understanding, and professionalism throughout the assignment. We found their services highly valuable and recommend them for similar ICT-enabled health system strengthening initiatives

- International Rescue Committee

HIMAT Consulting demonstrated strong technical capacity, adherence to agreed deliverables, and effective collaboration with project stakeholders throughout the duration of these engagements. We acknowledge and appreciate the contributions of HIMAT Consulting to advancing CBM's mission of inclusion and disability rights through evidence-based research and evaluations

- CBM

The SDG unit expressed complete satisfaction with the HCPL team's deliverables, emphasizing their exceptional quality and commitment to high work ethic. Wishing HIMAT Consulting Private Limited success in all their future endeavors

- Chief SDG Unit, Ministry of Planning and Special Initiatives

Himatullah

Founder & CEO

Himatullah is a seasoned professional with over 24 years of extensive experience in research, program evaluation (both quantitative and qualitative), and results-based monitoring and evaluation across multiple sectors in development and humanitarian settings. He has conducted over 100 operational research and evaluations of community-based development programs, encompassing areas such as child rights, social mobilization, education, protection, health and nutrition, emergency response, technical and vocational education, livelihoods, value chains, WASH, food security, and disaster risk reduction. Himatullah is the founder and Chief Executive Officer of HIMAT Consulting (Private) Limited, where he has successfully led a team of national and international consultants in completing over 80+ assignments for UN agencies, donor organizations, international NGOs, government departments, and NGOs. His leadership roles include being a core group member of emergency response teams for IRC, Concern Worldwide, and Save the Children, as well as leading M&E teams and technical working groups for various international alliances and consortia. With advanced skills in program management information systems, cost-benefit analysis, and program value for money, Himatullah is proficient in financial monitoring, forecasting, and the application of M&E guidelines from major international donors. He holds advanced certifications in evaluation and research, including specialized training in emergency preparedness, hostile environment training, and qualitative data analysis using MAXQDA. As an author and co-author of over 100 program evaluations and research reports, Himatullah's expertise is further endorsed by his memberships in prominent professional associations, such as the American Evaluation Association and the Sustainable International Development & Sustainability group. Since January 1, 2017, under his leadership, HIMAT Consulting has successfully completed 90 assignments for various prestigious clients like European Union, World Bank, Asian Development Bank, and many other national and international clients, solidifying his reputation as a leader in the field of monitoring and evaluation.

CORE TEAM

Mahrukh Qazilbash

Director Programs &
Strategic Comms

Mahrukh Qazilbash is the Director of Programs & Strategic Comms at HIMAT Consulting Private Limited. A graduate of the London School of Economics and Political Science, she has her postgraduate degrees in Human Rights and Law and went to Turkey for her bachelor's in International Relations. Her comprehensive background in policy, law and international development adds to her skillset in drafting reports, communication and strategy. A rights-based activist and researcher, Mahrukh has worked in Child Rights and Rights Governance with Save the Children as well as in Advocacy and Research with the Sustainable Development Policy Institute.

Shoab Sultan Khan

Manager
Operations & Research

Shoab Sultan Khan is the Operations Manager at Himat Consulting Pvt. Ltd., where he leads strategic communication efforts to enhance the impact of development projects. He has extensive experience in research, project coordination, and evaluation, including roles with the Chief Minister Task Force Gilgit Baltistan, IFAD, and Rabta Kar. He has also worked as a Lead Educator at the Pakistan American Cultural Center (PACC), focusing on educational programming.

Jawad Khan

Data Analyst &
Evaluations Specialist

Jawad Khan is a PhD scholar in Applied Economics at Xi'an Jiaotong University, China (2021–2027), and holds an MPhil in Health Economics from the Pakistan Institute of Development Economics (2020). He is a mixed-methods research and evaluation specialist with over seven years of experience in data analysis, programme evaluation, and evidence generation across diverse development sectors. He has contributed to major assignments for UNICEF, UNDP, and UNHCR across Asia, Africa, and the Middle East, with strong expertise in survey analysis, qualitative and quantitative research, evaluation design, and report writing. Proficient in Stata, SPSS, EVIEWS, and Excel, he delivers high-quality research, actionable reporting, and evidence-based insights for informed decision-making.

CORE TEAM

Sohana Baig

Assistant Manager
Programs

Sohana Baig has a bachelor's degree in Public Administration from the National University of Science and Technology. Currently serving as an Assistant Manager Programs at HIMAT Consulting Pvt. Ltd. she excels in proposal writing, data analysis, and stakeholder communication. With a strong background in research and project management, Sohana has contributed to significant projects with organizations like UNICEF, Concern Worldwide, GIZ, AKRSP, and BCI. She possesses robust skills in using tools such as KOBO Toolkit and Power BI. She has completed certifications in data-driven decision-making, SQL for data science, and Excel for business. Sohana's diverse experience includes internships and roles in research, data collection, and community engagement, showcasing her ability to manage and analyze data, coordinate teams, and produce comprehensive reports.

Talha Ahmad

Sr. Program Officer

Talha Ahmad, a Senior Program Officer at HIMAT Consulting Private Limited, specializes in report writing, data analysis, and project monitoring. With a Bachelor's degree in English, he has contributed to key initiatives, including UNICEF's Zewar-e-Taleem Program, the Better Cotton Initiative in Sindh, Concern Worldwide's HPCM Training, and the Learning Through Radio project. Talha is skilled in developing proposals, drafting detailed project reports, supervising field teams, and ensuring data quality through comprehensive analysis of quantitative and qualitative data. His ability to coordinate effectively, combined with strong analytical and communication skills, enables him to deliver actionable insights and drive impactful project outcomes.

Faizan Ahmed

Programs & Strategic
Comms Officer

Faizan Ahmed is a digital professional specializing in cybersecurity, digital marketing, and WordPress web development. Certified in Cybersecurity, Microsoft 365, and Google Workspace, he has hands-on experience in IT support, system optimization, and business development, with a focus on proposal writing and project pitching. He has worked with organizations under the Aga Khan Development Network on youth and community initiatives and serves as a National Youth Trainer with the Pakistan Boy Scouts Association.

**Muhammad
Adil Javed**

Program Officer

Muhammad Adil Javed is a graduate in International Relations from Quaid-e-Azam University, Islamabad, with significant research experience in regional security and policy analysis. As a Fellow at the Hanns Seidel Foundation, he conducted comprehensive research on Fiscal Devolution and its impact on Karachi's budgetary allocations. His professional background includes valuable experience at prestigious institutions like the Pakistan Institute for Conflict and Security Studies (PICSS) and South Asian Strategic Stability Institute (SASSI), where he analysed regional security trends and conflict dynamics. His skill set spans project management, partner relations, and cross-cultural communication.

CORE TEAM

Qandeel Abad
HR Associate

Qandeel, an HR Associate at HCPL, specializes in talent management, employee relations, and administrative support. With a Bachelor's degree in Business Administration, she has a strong foundation in a variety of business functions. Qandeel is skilled in leveraging her analytical and critical thinking skills to contribute to organizational goals. Her ability to communicate effectively, combined with her persuasive and interpersonal skills, allows her to foster a positive work environment and support staff development.

Andleeb Shehzadi
Program Officer

Andleeb Shehzadi is currently working as a Program Officer at HIMAT Consulting Private Limited since July 2025. She is a detail-oriented economics graduate from Lahore University of Management Sciences (LUMS) with expertise in monitoring and evaluation (M&E), research, and donor-compliant documentation. At HCPL, Andleeb contributes to the development of M&E frameworks and tools for donor-funded research and evaluation projects, supports proposal writing aligned with donor expectations, conducts data analysis, and coordinates project compliance.

Mashooq Ali
Admin & Finance Officer

Mashooq Ali is an Admin & Finance Officer with hands-on experience in financial management, reporting, and administrative support. He contributes to budgeting, expense tracking, and documentation processes while ensuring accuracy, transparency, and compliance across financial operations. With a strong analytical approach and attention to detail, Mashooq supports efficient financial workflows and helps maintain organizational accountability and smooth fiscal functioning.

Zeeshan Ali
Program Associate

Zeeshan Ali is currently working as a Program Associate at HIMAT Consulting Private Limited. He is a detail-oriented professional with expertise in program coordination, stakeholder engagement, and donor-compliant documentation. At HCPL, Zeeshan supports the implementation of development projects by assisting in project planning, monitoring workflows, preparing compliance reports, and facilitating effective communication across teams.

TECHNICAL EXPERTS

Dr. Tariq Hussain - Senior Evaluation Advisor

Dr. Tariq Husain is a highly experienced Evaluation Adviser with 44 years in international development, including 34 years as a consultant across 21 countries. He holds a PhD (1987) and M.A. (1981) in Economics from the University of Chicago, and a B.A. in Economics (magna cum laude, Phi Beta Kappa) with a minor in Middle Eastern Studies from Columbia University (1977). He has completed 58 evaluation assignments, specializing in programme design and strategy, institutional adaptation, exit planning, and sustainability. His client portfolio includes ADB, FAO, EU, IFAD, UNDP, UNICEF, UNIDO, World Bank, and bilateral agencies from Canada, Germany, Japan, Netherlands, Norway, Switzerland, UK, and USA, as well as organizations such as CIMMYT, ICIMOD, IUCN, IWMI, USIP, Winrock International, and Oxford Policy Management. He has worked extensively in Pakistan (covering more than half the districts, all four provinces, Azad Jammu and Kashmir, and Gilgit-Baltistan, where he established and headed the M&E function of AKRSP for six years) and 20 other countries, including Bangladesh, Cambodia, China, Ethiopia, Nepal, Sri Lanka, Tanzania, Thailand, Türkiye, and Viet Nam. Key contributions include Pakistan's reports for the World Summits on Social Development (1995) and Sustainable Development (2002), the first MDG progress report (2003), IFAD's corporate evaluation policy, country evaluations of Sri Lanka and Türkiye, IFAD's Asia-Pacific regional strategy, UNDP's Nepal country evaluation and Asia-Pacific social protection thematic evaluation, political economy analyses of the rule of law in Pakistan, and review of ombudsman institutions for ADB. A former member of UNDP's Gender Advisory Panel for Asia-Pacific, he has authored 25 international publications and over 30 articles on development and governance. His strengths include process leadership, benchmarking good practices, synthesizing complex information, and effective communication with policymakers, researchers, managers, and communities.

Dr. Atiq Ur Rehman - Principal Consultant

Dr. Atiq ur Rehman is a Ph.D. in HRD. He has over 25 years of professional experience in consulting, training education, project management, poverty, food security, and TVET. He has extensive experience in the humanitarian, development sector, public sector and corporate sectors in Pakistan and Malaysia. His expertise lies in Impact evaluation, Monitoring and evaluation, Qualitative Data Analysis, Training designing, module development, Business process reengineering, financial statements analysis, Organizational development, Monitoring/ performance measurement, Organisational diagnosis, Change management and others.

TECHNICAL EXPERTS

Izhar Ali Hunzai - Policy Evaluation Advisor

Izhar Ali Hunzai is a seasoned development professional and policy evaluation expert with over three decades of experience in sustainable development, institutional reform, and impact assessment. With a Master's in International Development from Cornell University, he brings strategic insight and hands-on expertise in evaluating large-scale public programs and policy initiatives across diverse sectors, including agriculture, social protection, infrastructure, and climate resilience.

He has led complex evaluations for global institutions such as the EU, UNDP, UNICEF, and the World Bank, offering rigorous evidence-based analysis and actionable policy recommendations. As Policy Advisor to the Government of Gilgit-Baltistan, he steered the development of transformative legislative frameworks, including the Social Protection Policy and Local Government Act. His work combines methodological rigor with a deep understanding of local governance, making him a trusted advisor for policy evaluation and strategic planning initiatives in fragile and remote contexts.

Dr. Rafat Nabi - Senior Education Advisor

Dr. Rafat Nabi is a distinguished education expert with over 30 years of experience in international development, currently serving as Director of Education for the Aga Khan Foundation in Afghanistan, where she spearheads initiatives in teacher training, curriculum development, and educational policy in collaboration with governments, NGOs, civil society, and donors such as USAID, emphasizing research, monitoring, evaluation, and impact studies in challenging environments. Her specialized expertise encompasses student learning assessments via tools like EGRA (Early Grade Reading Assessment), EGMA (Early Grade Mathematics Assessment), and ASER (Annual Status of Education Report); ethnographic studies on literacy and numeracy practices, including co-authoring the book *Hidden Literacies: Ethnographic Studies of Literacy and Numeracy Practices in Pakistan* with Alan Rogers and Brian Street; and research focused on marginalized and nomadic communities, bolstered by her roles as a visiting fellow at the University of Cambridge and University of Leeds. Through her contributions, Dr. Nabi continues to bridge critical gaps in access and quality education across South Asia and Central Asia.

TECHNICAL EXPERTS

Dr. Shahzad Mithani - Education Advisor

Dr. Shahzad Mithani is a Ph.D. scholar in Comparative and International Development, Education Policy, and Administration, University of Minnesota, College of Education & Human Development. He is a senior education professional, and he has worked with international organizations for the last two decades all over Pakistan and abroad. His working profile includes basic education, professional development of teachers, education leaders and managers, school development planning, community outreach, child rights, social inclusion, school health, and nutrition, school-based DRR, and WASH.

Dr. Fazal Ali Khan - Principal Consultant

Dr. Fazal Ali Khan is a seasoned development professional with over 15 years of experience in socio-economic research, specializing in household income and living standard, poverty and resilience analysis. With a strong background in development economics, poverty alleviation, and research methodologies, he has led diverse projects on rural livelihoods and income generation. Skilled in quantitative and qualitative analysis, Fazal will play a key role in measurement of living income and identify key economic drivers of resilience. His expertise in monitoring and evaluation strengthens research frameworks, contributing to effective strategies for improving community well-being.

Dr. Habib Ur Rehman - Climate Smart Agriculture Expert

Dr. Habib Ur Rehman is an expert in Climate Smart Agriculture, Digital Farming, and Decision Support Systems, dedicated to promoting sustainable agriculture in the face of climate change. With a PhD in Agronomy from UAF and WSU, USA, he excels in agro-ecosystem modeling, carbon and nitrogen cycle analysis, and leveraging remote sensing and GIS for data visualization. He has served as an Associate Professor at IPBB, MNS-UAM, Pakistan, focusing on climate-resilient agriculture, and held research and teaching roles at Uni-Bonn, Germany, and prominent institutions in Pakistan and USA.

Dr. Hajee Parveen - Education Advisor

Dr. Hajee Parveen has a P.hD in Education from Aga Khan University- Institute for Educational Development, Karachi. She has work experience of a decade in the education and development sectors. Dr. Hajee has worked nationally and internationally with experience in Monitoring, Evaluation, Research and Learning, Resource Mobilization and Proposal Development, Grant management, supervision, teaching (primary till university) and institutionalizing systems, policies, and processes for developing graduate education programs. She also has four years plus experience working in a post-conflict context i.e., Afghanistan.

TECHNICAL EXPERTS

Dr. Abdul Bari - Health Advisor

Dr. Abdul Bari, M.B.B.S., M.Sc. in Epidemiology, is a veteran physician and public health expert with over four decades of dedicated service, having graduated from King Edward Medical College, Lahore, and earned his Master's from Aga Khan University, Karachi, specializing in Mother, Newborn, and Child Health (MNCH), infectious disease control for children under five (including diarrheal diseases and Acute Respiratory Infections), reproductive health, and nutrition. His illustrious career encompasses roles as Medical Officer, Physician, Deputy National Manager for Pakistan's National Acute Respiratory Infections (ARI) Control Program, Project Manager for Monitoring and Evaluation, Research Advisor, and Director of Health for diverse programs across Pakistan and internationally, where he has demonstrated profound expertise in public health strategy, program implementation, and evaluation. As lead consultant, he has conducted third-party MNCH evaluations in Pakistan and Afghanistan, monitored newborn clinical regimens for the World Health Organization (WHO) in Africa, and established MNCH minimum service delivery standards for provincial health programs in Pakistan, while addressing high-burden issues like child mortality through evidence-based interventions and multi-stakeholder collaborations. In his tenure as Senior Manager for Health Research at Save the Children USA, he served as Principal Investigator for a landmark cluster-randomized controlled trial on community case management of severe pneumonia in children aged 2-59 months in Haripur, Pakistan—published in *The Lancet* in 2011—contributing to global advancements in pediatric care; with 17 peer-reviewed articles to his name, Dr. Bari's work continues to shape resilient health systems, emphasizing integrated approaches to infectious disease prevention, maternal-child health equity, and sustainable public health outcomes in resource-limited settings.

Dr. Nashmia Mahmood - Health Advisor

Dr. Nashmia Mahmood is a distinguished Fulbright Scholar and public health professional with over two decades of expertise in epidemiology, disease surveillance, monitoring and evaluation, humanitarian preparedness, gender, and health program management, serving in key roles with the United Nations, Government of Pakistan, and the Global Fund for AIDS, Tuberculosis, and Malaria; as Ex-President and General Secretary of the All Pakistan Fulbright Association, she excels in community development, strategic program design, capacity building, participatory research, and tackling health threats like Ebola, Zika, and COVID-19 through climate resilience and emergency plans. Holding an MPH in Health Policy & Administration from the University of Illinois at Chicago, MBBS from Fatima Jinnah Medical College, and a Diploma in Holistic Nutrition from the School of Natural Health Sciences, London, her highlights include National Program Specialist for HIV GF Grant Management at UNDP Pakistan (2021–2024), providing technical leadership, multi-stakeholder coordination, and a digital HIV awareness platform; Capacity Development Lead with Integrity Global for FCDO/World Bank MERL initiatives (2024–2025); Country Lead for Global Fund HIV Prevention Evaluation across 12 countries; and RMNCAHiE Working Group Coordinator at UNFPA Afghanistan (2024). As an independent consultant since 2018, she has conducted ex-post evaluations, developed IRC guidelines, advised on IRB ethics, captured AMR data for the International Vaccine Institute, contributed to HIV strategies with UNICEF/UNAIDS, and served as Visiting Faculty at Sarhad University and Institute of Public Health (2009–2011), lecturing in Global and Reproductive Health at Quaid-e-Azam University, advancing public health equity and security.

TECHNICAL EXPERTS

Dr. Sidra Hareem Zulfiqar - Gender and Inclusion Expert

Dr. Sidra Hareem Zulfiqar is an award-winning postdoctoral researcher, trainer, and social development practitioner with over 15 years in human resource development, program management, media, strategic communications, and civil society collaborations, focusing on work/employment studies, career progression, intersectionality, anti-racism, migrant workforce, and DEI. Holding a PhD from Kemmy Business School, University of Limerick (2019–2024), MSc in Education, Power & Social Change from Birkbeck College (Commonwealth Scholar), MBA in HRM from Fatima Jinnah Women University, and BA from University of Punjab, she has earned the British Academy of Management's Best Developmental Paper (2023), KBS SEED Funding (2022–2024), and Dean's PhD Scholarship. Her publications include PLOS One on international nurse talent management, COVID-19 learning loss with Fueling Brains, and books on women's workforce motivation in Pakistan; presentations cover microaggressions for ethnic minority women at Copenhagen Business School and EIASM Workshops. As Postdoctoral Researcher at HSE Community Healthcare Network (February 2025–present), she conducts systematic reviews and grant applications on integrated healthcare; she led DocTalent4EU training curricula (2023–2024), managed Fueling Brains learning/development (2018–2024) creating early childhood toolkits, served as Research Assistant on nurse talent management (2022–2023), led WaterAid Pakistan behavioral campaigns (2015–2017), researched SDGs/ethnic conflicts at I-SAPS (2015), and handled communications/training at Punjab Educational Endowment Fund (2010–2020), while judging Royal Commonwealth essays and facilitating UK youth employability, proficient in MS Office, Teams, and Menti-meter, with certifications in facilitation, entrepreneurship, and sustainable development.

Dr. Salman Shahzad - Mental Health & Substance Use Expert

Dr. Salman Shahzad, PhD in Clinical Psychology and Professor at the Institute of Clinical Psychology (ICP), University of Karachi, is a globally recognized mental health expert with over two decades in clinical practice, academia, research, and policy, specializing in substance use disorders (SUD), trauma-informed care, suicide prevention, neurodevelopmental disorders (autism, ADHD, dyslexia), violence/abuse, and therapies like CBT, DBT, EMDR, IPT, and mindfulness for vulnerable populations in LMICs such as Pakistan. A Fulbright Humphrey Fellow (2016–2017) on SUD epidemiology and prevention, he holds an MSc and BSc in Psychology from the University of Karachi, plus certifications as Certified Clinical Traumatologist (2025, Canada), UNODC Global Master Trainer (2013–2024), ICAP-Prevention/Treatment (2013–2024, Colombo Plan), and Global Drug Demand Reduction Trainer (2020, Vienna). As Professor (BPS-21), Clinical Incharge, and Senate Member at ICP since 2023, he supervises treatment for 400+ annual patients, manages protocols, and leads postgraduate training; previously Associate (2015–2023) and Assistant Professor (2011–2015), he has also served as Visiting Faculty at multiple universities (2018–present). His implementation science work includes UNODC consultancies, Colombo Plan prevention coordination, and Sindh policy for substance control, alongside curricula design on resilience, workplace mental health, and SBIRT, with 24+ years of voluntary counseling at New Horizons. As PI, he leads grants like the Humphrey Alumni Impact Award, MRC/UKRI child trauma RCT, HEC Sindh post-doc, and Wellcome youth suicide study, while contributing as Co-I on UNODC Drug Surveys and SFA consortia. Author of 17+ publications, books, and translated manuals, he has won the Humphrey Pride Award, Karachi University merits, and UNODC Shields, while editing for Frontiers and IJM&A, and leading ISSUP Pakistan and ICUDDR to advance equitable mental health amid Pakistan's epidemics and vulnerabilities.

TECHNICAL EXPERTS

Shah Makeen - Training Expert

Shah Makeen is an accomplished professional with extensive experience in training and development. He holds an Executive MBA from Sarhad University of Science and Information Technology and a Master's in Planning from the University of Guelph in Ontario, Canada. With his expertise in human resource management and training program design, Shahmakeen has made significant contributions to organizations like Hashoo Foundation and The First Microfinance Bank Limited. He is skilled in employee relations, capacity building, and strategic decision-making.

Maqsood Khan - Research Analyst

Maqsood Khan is a dedicated professional with extensive experience in monitoring and evaluation within the development sector. With a strong background in program management, Maqsood has played a vital role in ensuring the successful implementation of projects and programs. His expertise lies in providing technical support, designing monitoring and evaluation systems, and leading teams to achieve desired outcomes. Throughout his career, Maqsood has demonstrated a commitment to producing high-quality deliverables and adhering to the highest standards of compliance. His contributions have significantly enhanced the effectiveness and impact of various initiatives.

Sultan Ahmed - Principal Consultant

Sultan Ahmed is a highly dedicated professional in the development sector, known for his exceptional skills in program management and research. With a Master's degree in Development Studies, specializing in sustainable development, Sultan possesses a deep understanding of the complexities and challenges faced by marginalized communities. He has an impressive track record of successfully managing projects aimed at improving education and livelihood opportunities for these communities. Through his strong project management skills, Sultan ensures the efficient implementation and monitoring of activities, resulting in tangible positive impacts. His unwavering commitment, enthusiasm, and passion for driving social change make him an invaluable asset in the pursuit of sustainable development.

TECHNICAL EXPERTS

Zohra Khanum - Resilience Livelihood Advisor

Zohra Khanum is a seasoned expert in Natural Resource Management (NRM), Disaster Risk Management (DRM), and Gender, with over 30 years of experience across eight international and national organizations, including UNFAO, AKDN, Hashoo Foundation, CNFA-USAID, MSI, and IC-Pakistan. She has led and contributed to key evaluations of agriculture projects in Pakistan, such as the Terminal Evaluation of UNFAO's Horticulture Advancement Activity, and MSI-led evaluations of Balochistan Agriculture Project, Satpara Development Project, and Agribusiness Project (TAP). Zohra also co-authored "Women in Agriculture in Pakistan" for UNFAO.

Her work includes developing six Gender Assessments and Action Plans for high-impact proposals, including initiatives on rice sustainability, banana waste-to-textile transformation, REDD+ gender planning, and climate-smart agriculture under GCF.

In addition, Zohra has led the formulation of ten Hazard, Livelihood, and Vulnerability Baseline and Contingency Plans for districts across Pakistan, supporting local governments, UN agencies, and civil society in sustainable resource management and disaster preparedness.

Muhammad Naseer - Knowledge Management

Mr. Naseer is a Doctor of Philosophy from SZABIST, Islamabad. Naseer has several years of software development experience in Web Development, including high transactional enterprise applications, with team leadership and mentoring experience. Expert in complete System Development Life Cycle (SDLC). He can understand and transform complex business requirements into software, ensuring applications delivered on time, to specification, are scalable, performance-optimized, and maintainable.

Naveed Iqbal - M&E Associate

Naveed is an ambitious professional with a Bachelor of Science in Electrical Engineering, complemented by four years of practical experience. He is a dynamic individual and likes to work in challenging environment where he can contribute as a proficient, innovative, and committed team member. Naveed brings a unique blend of technical skills and linguistic versatility, being proficient in MS Office and KOBO Toolbox, and fluent in English, Urdu, and Shina. His career objective is to work in a competitive yet cooperative setting within a reputable organization, where there is ample scope for learning and growth.

TECHNICAL EXPERTS

Dr. Abdul Saboor - Evaluation/Research Expert

Dr. Abdul Saboor is an Evaluation/Research Expert consulting with HIMAT Consulting, bringing over 30 years of distinguished expertise in development economics, high-quality evaluations, and research aligned with UN programmatic priorities such as child poverty, nutrition, health, social policy, gender equality, climate action, and disaster risk reduction (DRR). Holding a PhD in Applied Economics (Development Economics) from the University of Agriculture, Faisalabad (2004), a Post-Doctorate in Development Economics from the University of Oxford, UK (2007-2008), and advanced certifications including Professional Training for Social Scientists (PTSS) from Said Business School, Oxford (2007-2008), Leadership Training from the University of Leicester, UK (2017), and KOICA Research Fellowship in South Korea (2014) focused on impact evaluation. Committed to equity and gender-sensitive analysis, Dr. Saboor integrates these principles across his work, as in UNDP Fellowships on Gender/Macroeconomic Issues (2011, Japan) and World Bank Online Course on Gender, Poverty & Development (2004), with a focus on vulnerable groups including children, adolescents, migrants, and PWDs. Proficient in software like SPSS, Stata, NVivo, MAXQDA, and Excel for quantitative/qualitative analysis, Dr. Saboor ensures ethical, child-sensitive data handling per UN standards.

Ghulam Qadri - Child Rights & Protection Specialist

Ghulam Qadri is a Child Rights and Protection Expert as well as a Child Protection Systems Strategist with over 30 years of experience architecting and leading multi-dimensional child protection ecosystems in high-risk humanitarian and development contexts. Mr. Qadri's career is distinguished by a proven capacity to serve as a systems architect for the government. This is demonstrated by his role as a key technical expert supporting the government-led rollout of Pakistan's comprehensive Child Protection Case Management and Response System (CP-CMRS) in Balochistan, where he designed quality assurance frameworks, designed/updated training materials and led capacity building for the social service workforce, establishing a new institutional standard of care for over 8 million children. He possesses deep expertise in designing and directing large-scale, integrated programs that bridge the humanitarian-development nexus. His experience includes conducting high-stakes evaluations of major child protection programs for donors like SIDA, UNICEF and leading evidence-based research to inform policy. Mr. Qadri has a track record of influencing policy at national and global levels, having contributed directly to Pakistan's National Plan of Action for Children and shaped global standards through the Global Working Group on Child Protection in Emergencies. As a trusted advisor to governments, UN agencies, and INGOs, he brings deep regional insight and strategic systems thinking to solve complex child protection challenges, supported by his fluency in English, Urdu, Pashto, Punjabi, and Hindko.

TECHNICAL EXPERTS

Tahira Gul - Public Health & Nutrition Specialist

Tahira Gul is pursuing an MSc in Global Health Policy from the London School of Hygiene and Tropical Medicine, building on an MSc in Public Health from Quaid-e-Azam University and a BSc in Medical Technology from the University of Karachi. With extensive experience in program management, monitoring, and stakeholder engagement across organizations like IRD Global, Pathfinder International, Contech International, Momentum Ventures, Ipas, Action Against Hunger, and Fatima Jinnah Medical University, Ms. Gul specializes in nutrition-sensitive interventions and resilience building. Her roles at Momentum and Action Against Hunger involved supervising immunization monitoring, food fortification advocacy, and nutrition research like SQUEAC/SLEAC, while earlier positions focused on ethical research oversight, SOP development for healthcare, and behavioral studies on vulnerable populations, aligning with resilience in education and nutrition contexts in Pakistan. Ms. Gul's core competencies include data analysis, database management, synthesis development, stakeholder coordination, and high-level technical assistance in survey methodology, supported by certifications in IPC Acute Food Insecurity, Good Clinical Practice, and advanced research methods.

Dr. Salima Begum - Education Expert

Dr. Salima Begum is an internationally recognized education leader and development professional with over two decades of experience driving innovative, donor-funded initiatives in Pakistan. Recipient of the UK Alumni Award for Social Impact (2019), the World of Difference Award (2019), and a Top 10 Finalist for the Global Teacher Prize and Gold Medalist (2017) for advancing the UN Sustainable Development Goals and Global Citizenship in education. She has led transformative programs, including the Whole School Improvement Program and the Educational Development and Improvement Program (school clustering), which partner with public and private education systems to strengthen teacher capacity, enhance school effectiveness, and expand access for marginalized learners. With extensive expertise in teacher education, educational research, project management, and school improvement, she successfully managed multimillion-dollar projects funded by AusAID, the European Commission, and other global donors. Her work spans curriculum design, teachers' professional development, inclusive and gender-responsive education, activity-based learning, and early childhood education. With experience spanning over two decades, she has designed and delivered courses for educators, published two monographs and six international journal articles, and provided technical leadership on education system reforms.

TECHNICAL EXPERTS

Umar Farooq - Program Advisor

Umar Farooq is a seasoned development professional with 18+ years of progressive experience in public policy, governance, monitoring & evaluation, and research. He has successfully designed and led evaluation studies, policy papers, feasibility studies, and donor-funded projects across diverse thematic areas including climate change, socio-economic development, education, livelihoods, and local governance. Skilled in both quantitative and qualitative research, Umar is proficient in tools such as STATA, SAS, NVivo, and E-Views, with a strong ability to translate data into actionable policy insights. He has worked extensively with governments, NGOs, donor agencies, and international organizations, driving evidence-based reforms to strengthen transparency, accountability, and citizen participation.

Babar Khan - Program Advisor (USA Office Representative)

Seasoned education and development leader with over 24 years of experience designing, managing, and scaling innovative donor-funded programs across Pakistan and Yemen. Proven expertise in leading multimillion-dollar initiatives funded by USAID, AusAID, the European Commission, and other international partners, with a focus on addressing systemic challenges in education through creative, evidence-based solutions. His experience includes spearheading the Whole School Improvement Program with Aga Khan University, directing USAID's Education in Emergency Project in Yemen, and leading the Pakistan Reading Project (\$165M) with the International Rescue Committee.

Khalid Hameed - Financial Advisor

Khalid Hameed is an experienced Financial Expert with extensive expertise in financial planning, investment guidance, budgeting, and organizational financial oversight. With a deep understanding of financial systems and strategic resource management, he provides advisory support to ensure sustainable growth, sound fiscal decision-making, and compliance with financial best practices. Khalid brings strong analytical insight and practical experience to help guide financial strategy and long-term planning.

Asad Fouad Chartered Accountants - Tax Consultants

Asad Fouad Chartered Accountants <https://asadfouad.com/> is our external tax consultant providing consulting services, along with auditing, financial advisory, and compliance guidance, including external yearly audits as part of their comprehensive audit and assurance offerings, ensuring reliable financial reporting and regulatory compliance for the clients.

Subject: Completion Certificate

This is certified that HIMAT Consulting Private Limited (HCPL) worked (from September 1, 2021 to December 31, 2022) with Sustainable Development Goals Unit of Ministry of Planning and Special Initiatives. The purpose of the assignment was to enhance the Monitoring, Evaluation and Research (MER) system within the public sector, encompassing the capacity assessment of pertinent agencies at national and provincial level. HCPL worked closely with SDG Unit and successfully completed following deliverables:

1. **Enhanced MER Toolkit:** A refined toolkit, developed in collaboration with the SDG Unit, designed to enhance capacity assessment processes for optimal results.
2. **Capacity Assessment Report:** A detailed report after facilitation of self-capacity assessment of federal ministries and provincial department and prepared capacity assessment report spotlighting both the strengths and weaknesses within institutional capacities.
3. **Training and Documentation:** Based on the recommendations of the capacity assessment, prepared comprehensive training manual and arranged training for high level government officials in Islamabad.
4. **MER Framework:** A meticulously crafted MER framework for relevant SDG indicators for Pakistan developed and get validation from the training participants from National and provincial level with action plan, responsibilities and deadline for achieving the targets.
5. **Consultation for Child-focused District SDGs Achievement Plan:** Hold Consultation with Provincial and district level Stakeholders-Muzaffarabad in AJ&K, Gilgit and Skardu in Gilgit Baltistan and Islamabad.
6. **District SDGs Plan:** Child focused SDG Achievement plan for district Muzaffarabad, Skardu and Islamabad developed and finalized with feedback of relevant stakeholders.

The SDG unit expressed complete satisfaction with the HCPL team's deliverables, emphasizing their exceptional quality and commitment to high work ethics

Wishing HIMAT Consulting Private Limited success in all their future endeavors.

To Whom It May Concern: Certificate of Completion and Acknowledgment

It is to acknowledge the successful completion of the End-of-Project Review Evaluation conducted by Mr. Himatullah from HIMAT Consulting. This evaluation focused on the Swiss Agency for Development and Cooperation's (SDC) Humanitarian Water, Sanitation, and Hygiene (WASH) Programme, implemented in response to the 2010–2014 floods across the districts of Peshawar, Charsadda, Nowshera, Kohat, and Swat in Khyber Pakhtunkhwa.

The project's objectives centered on the delivery of inclusive WASH infrastructure, renovation of inclusive health facilities, and the promotion of inclusive WASH through comprehensive behavior change communication strategies. HCPL engaged effectively with a broad range of stakeholders—including local communities, women, and persons with disabilities—to develop a well-informed and insightful lessons learned report. Their recommendations have proven valuable in shaping the direction of future programming. We commend Himat for his professionalism, timely delivery, and the quality of work. We remain confident in their expertise and look forward to further collaboration.

Thanks,

SaeedUllahKhan

Subject: Reference for HIMAT Consulting Private Limited — Knowledge Management System for Sexual and Reproductive Health (SRH) Program

To Whom It May Concern,

This is to confirm that HIMAT Consulting Private Limited was contracted by the International Rescue Committee (IRC) in 2019 to develop a Knowledge Management System (KMS) for the Sexual and Reproductive Health (SRH) Program (2011—2020) across Peshawar, Mardan, Nowshera, Charsadda, and Swat in Khyber Pakhtunkhwa.

HIMAT's consultants successfully designed and deployed a comprehensive digital solution integrating real-time service delivery data from health facilities into a centralized data warehouse. The system featured interactive dashboards for evidence-based decision-making and enabled automated reporting on key SRH indicators.

In addition to real-time analytics, the system included a secure document repository housing narrative and financial reports, training manuals, event documentation, and pictorial evidence. The team also conducted capacity-building sessions to ensure smooth system uptake.

HIMAT demonstrated strong technical expertise, contextual understanding, and professionalism throughout the assignment. We found their services highly valuable and recommend them for similar ICT-enabled health system strengthening initiatives.

With regards,

Sultan Haider

To Whom It May Concern:

This serves as a letter of reference for HIMAT Consulting Limited, based on our recent engagement with them. HIMAT Consulting Limited was commissioned by Aga Khan Foundation Tajikistan to conduct a remote Value-for-Money analysis in the framework of the Thrive Tajikistan: Partnership for Socio-Economic Development program from August to September 2023.

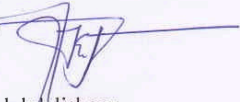

Despite the constraints of a short timeline and remote work environment, HIMAT Consulting Limited fulfilled all its obligations in accordance with the terms and requirements of the consultancy. The consultancy specifically focused on assessing the value for money of the program's drinking water, sanitation, irrigation, and cold storage activities, aiming to ensure that the resources invested in these endeavors led to the most effective and efficient outcomes.

The HIMAT technical team conducted a comprehensive analysis and demonstrated that the Thrive program achieved optimal results within the available budget and resources. Their work underscored that the program's interventions were effective and aligned with the principles of maximizing benefits while minimizing costs and resource wastage.

Based on our experience with HIMAT Consulting Limited, we confidently recommend their services for similar projects. We express our appreciation for their professionalism and dedication to delivering high-quality services during our engagement.

We extend our best wishes to HIMAT Consulting Limited in their future endeavors and look forward to further opportunities for collaboration.

Sincerely,

Kishwar Abdulishoev
